

**TriMet's budget choices offer us limited options
and leave major cost-saving solutions OFF the table.**

What is TriMet's real agenda?

\$12 - 17 million is a lot of money to find - Amalgamated Transit Union members agree.

But TriMet doesn't seem to want to work together.

Together, we could:

- Stop contracting out Paratransit work, saving over \$7 million dollars.
- Bring staff to management ratio back to 2006 levels, saving up to \$5 million.

"No more lip service from TriMet – let's take real cost cutting measures."

Jon Hunt, President, ATU 757
